

WCA 35th Anniversary 2 Rifle Auction!

Photo is not one of the actual rifles.

- 1 - Weatherby Mark V Varmintmaster in .224 Wby. Mag
- 1 - Weatherby Mark V Varmintmaster in .22-250 Rem

WCA COLLECTOR FANS!!! This is the 35th year of our great club!!

We would like to do something special to Commemorate 35 years as a Club. As you know Weatherby just reintroduced the Varmintmaster in the calibers of .224 & .22-250. Pretty exciting right?? Well we are going to have these as our 35th Anniversary Rifles!!

Okay, I know your level of excitement hasn't quite peaked yet so let me tell you that a .224 & .22-250 are a work in progress. These rifles will be special. If you remember in 2015 for our 25th Anniversary, I put together a pair of special .375 MKV Weatherbys. (1) in Right Hand & (1) in Left Hand. These were and are very special rifles yet today! These Varmintmasters will be as special!! I am not going to share anymore with you, I will leave you in suspense filled anticipation!! I don't know if that is correct way to say it but you catch my drift. :)

It is the intention of the BOD to give ALL WCA members, present at the Banquet or not, to have a chance to own these rifles. More information on that to follow in the next newsletter as well as Color photos of these rifles!!

It is an honor to be asked to come up with something special for the WCA's 35th Anniversary. You will not be disappointed!!

Sincerely, Scottie Hojer—WCA President Emeritus
