Editor's Note: Continuing with our "Get To Know Our Board Members Series" this issue we welcome Brian Hatzenbihler. Although a newer member to the WCA, Brian is not new to Weatherby guns. Another great guy to know and I'm glad to call him my friend. Please enjoy his article below.

Hello, I am going to start this message off by saying Happy 250th Birthday America. I am writing this and so excited and proud to be an American. Proud to be part of this WCA that is made up with all of you, proud gun collecting Americans. I need to introduce myself to those of you in the WCA who I haven't had the chance to meet yet. Brian Hatzenbihler. I live in Texas married to a wonderful wife of 33 years, Leia. We have three children that are married and two beautiful granddaughters. Here is a little bit about how I was introduced to WCA..I was ten years old and had eight older siblings three of which are boys. Two of my older brothers, Neal and Kevin also belong to the WCA. There is a thirteen year age difference between my oldest brother and myself. They were grown and gone from the farm and would come around with guns and let myself and my younger brother Scott shoot and handle them. I will never forget the first time I saw Neal with his German Mark V .300 mag. It was the most beautiful gun I had ever seen or better yet, got to hold. Never mind when I saw the size of the ammo. Compared to my .22 rifle...I knew I would not be allowed to pull that trigger.

From page 1

From that day forward I was hooked. Now 52 years later I can blame the Weatherby disease on my brothers. One of the things that I think all of us share is the Weatherby brand has something for everyone and I don't think that I am alone in saying that it sure would be nice to see the XXII .22 long rifle back...it takes us all back to our youth.

The raffle tickets are now available to purchase on the WCA website and/or through Scottie Hojer or any Board Member. Good luck all who enter the raffle! Looking forward to the future of the WCA, I think it is very bright. I would like to ask everyone if they can try and inspire a young child like I was decades ago and show them what a beautiful gun looks like. The youth is our future whether it is one from Germany, Japan, California or one of those beautiful new ones from Big Wonderful Wyoming!

In closing, God bless all ya'll and Happy 250th Birthday America!

Brian Hatzenbihler, Executive Director - lhatz2020@gmail.com

From the Editor:

This newsletter might seem a little early to most of you because the fact is, it is early! The reason why is because we have deadlines approaching for our annual convention and banquet this coming July 16-19, in Rapid City, SD.

For those attending the banquet, the form on page 6 needs to be completed and returned by July 1st. We need a proper head count so food can be ordered and tables can be arranged appropriately. I encourage every member to attend! I know that's a tall order and people have prior commitments, work, family matters, etc., but this once a year event is the backbone of the WCA. Please consider it even if you can't this year, maybe next year!

The Gun Raffle (page 4) is the main fundraiser for the WCA each year. This year we did NOT send tickets out to each member. We found it was cost prohibitive. Members generally weren't selling (or purchasing for themselves) the tickets nor were they sending back the unsold tickets and therefore no one else could buy them. We know many of you purchase the raffle tickets online through the WCA website, or through Scottie Hojer and this is awesome! Please continue to do that! The deadline for purchasing raffle tickets is also July 1st.

The WCA is always looking for eager and motivated individuals to help where help is needed! One of these areas is getting on the Board of Directors. If interested or know someone that is, please reach out to any of the four individuals who comprise the Nominating Committee. They are listed further down in this column.

The Weatherby Film Festival will once again take place in Sheridan, Wyoming on July 31st. I know some of you were in attendance last year as the WCA Convention ran in conjunction with it. This year our convention is about two weeks prior to the film fest, which gives you an opportunity to go explore western South Dakota and eastern Wyoming in between the convention and the festival. If you got the time, it's an awesome part of the country to explore!

From the Editor: (continued from page 2)

You know those old Weatherby Guides that everyone wants and collects? They're coming back! That's right, Weatherby is reintroducing these journals on a limited-edition basis, and as I understand it, they will be available for FREE! All you need to do is sign up for one on their website. See page 8 of the newsletter for information and a link. The journals should be available this coming fall, and that's all I know about it at this time.

Here is a very basic itinerary for the 2026 WCA Convention and Banquet:

Thursday, July 16th: Folks start coming into town (including my wife and I), check into their hotel rooms and hang out with others. If we get enough people together we may all go have dinner somewhere.

Friday, July 17th: The Board of Directors will have a meeting at the Best Western Ramkota at 9:00 A.M. Here we discuss any business that needs attention and prepare for the membership meeting and banquet. As more folks arrive, we try to gather the troops for a dinner somewhere.

Saturday, July 18th: The Membership Meeting will be at the Best Western Ramkota at 3:00 P.M. Following the meeting, the Board will reconvene for a few minutes. Meanwhile, the membership will have time to socialize or freshen up for the banquet. Cocktail hour begins at 5:00 P.M. with dinner to begin around 6:00 P.M. For anyone setting up a display, the banquet room will be available Saturday afternoon for setting up. If we have enough interest, we could go as a group to Mount Rushmore or any of the local attractions that morning/early afternoon and maybe do lunch together. Nobody should feel obligated if you want to venture out on your own.

Sunday, July 19th: Again, if we have an interest, there is a new shooting sports complex about 11 miles north of Rapid City, and we have been invited to tour the facility and/or shoot for those that care to. They have rifle, pistol and shotgun ranges and I apologize for not having more specific information at this time. If you want to bring along your favorite firearms and some ammo, it might be a really fun morning!

As you can see, these details are fairly fluid right now. Watch for details on the WCA website as we will update that prior to the convention as needed. For those that will be in attendance, we want to have a group text message for some of these details as they develop. You can contact David Duffy (605) 270-7250 or myself, Jamie Biermann (920) 980-9801 and we will keep everyone up to speed with last minute details. And no, you don't have to be part of the group text if you don't want to.

Below, I have consolidated some key points that were described in detail above:

- ♦ The **2026 WCA Convention and Banquet** will be held from **July 16-19** in **Rapid City, South Dakota**.
- ♦ The Banquet will be **Saturday, July 18th** at the **Best Western Ramkota - Rapid City**. See **page 5** for more information and/or watch the [WCA website](#) as more info develops.
- ♦ Return the form on **page 6** to our Treasurer, Curt Hopkins, with your payment no later than **July 1st**.
- ♦ **Gun Raffle** info is on **page 4**. Please use the order form or purchase on the [WCA website](#).
- ♦ Know someone interested in a position on the WCA Board of Directors? Contact someone from the Nominating Committee (Sean Duffy, Jamie Biermann, Dennis Haarsma or John Duffy) for a recommendation.
- ♦ The annual Weatherby Film Fest will be on July 31st in Sheridan, Wyoming. Details coming soon! Click this link for more info as it becomes available: <https://weatherby.com/event-calendar/#wb-summer-events>
- ♦ Sign-up for your limited-edition copy of the "Tomorrow's Rifle Today" journal coming out later this fall.

I want to remind each member of the WCA that this organization while relatively small, can be a great resource for information on Weatherby guns, ammo, merchandise and history. However, in order to continue, it takes time and effort from individuals who are willing to help. WE NEED HELP! We consistently have the same handful of folks that do all the work, while the rest sit back and reap the rewards. The more help we get, the less each individual needs to do. The success of clubs like this one are dependent on you. If you want to help but you're not sure where or what to do, please reach out to me or any other board member and we will figure something out.

Whether I see you in Rapid City, South Dakota in July or not, I truly hope each and every one of you have an enjoyable and unforgettable summer! Happy 250th birthday to the United States of America!

May God bless you all! — Jamie Biermann, Vice President & Newsletter Editor - bjamieb@gmail.com

Weatherby Collectors Association—Vol. 37, No. 4, Pg. 7

Here's a bit of 'nostalgia' I dug up from a May, 2002 issue of the WCA Newsletter, Volume 13, No. 3, that I thought was interesting. Does anyone still have any of these items? Let me know!

Stuff you need to know to impress your fellow collectors!

- ⊕ Roy Weatherby, Sr. was President of the Kiwanis Club of South Gate California in 1961. The theme for the year was "Build Responsible Citizenship".
- ⊕ Yes, there were some "Bear Boxes" of .340 WM ammo — not too many !
- ⊕ The original phone number of the Weatherby Sporting Goods store at 2781 Firestone Boulevard was Lorrain 0-7186. If you had called that number, the phone would probably have been answered by Betty Noonan).
- ⊕ Weatherby was the first company in the United States to offer chrome lined barrels. They offered this feature for \$25, and would only do chrome lining on new barrels. Sears, Roebuck later copied them.
- ⊕ There were only 200 of the original thumbhole-stocked Weatherby Silhouette pistols ever made. They were offered both with open (peep) sights, and with scopes. The barreled actions were made in Japan, and were discontinued when the Japanese government stopped exportation due to laws prohibiting exporting of pistols.
- ⊕ On the early prototype Weatherby Regency shotguns, there were four different game scene (animal & bird) engraving patterns. Since they were hand engraved, there are some minor variations in each pattern. Serial numbers were fairly random, and did not have the letter "R" at the beginning of the serial number.
- ⊕ The Weatherby Company has had three different Presidents in it's history — Roy E. Weatherby, Sr., Leo Roethe, and Roy E. (Ed) Weatherby, Jr. (Edit: Also Adam Weatherby since that time.)
- ⊕ Weatherby made a "handful" of colored Imperial Scopes as a promotional item. The colors were: 4x – Gold enamel, 2x7 – Burgundy enamel, 2 3/4x10 – Silver enamel.
- ⊕ One Mark V rifle was finished in BLUE enamel for Walter O'Malley (former Dodgers baseball team owner) - Dodger's Blue!
- ⊕ Weatherby experimented with the .300WM by necking it down to 7mm. This caliber was to have been designated the ".284 Weatherby Magnum". — The year was 1960 !!
- ⊕ Former President of the United States George Bush, Sr. was the presenter of the Weatherby Foundation International Big Game trophy at the 2002 annual banquet in Las Vegas. He is the first US President to make the trophy presentation.
- ⊕ The first recipient of the Weatherby Big Game Trophy was Herb Klein, Texas oilman and business partner of Roy Weatherby.

TOMORROW'S RIFLES TODAY

That's right! The highly sought after and collectible Weatherby Guides are coming back this fall! As Weatherby states, "Not just as a catalog, but as a limited-edition print journal filled with photography, stories from the field, gear highlights and the lifestyle that surrounds the hunt."

And unlike the original guides, these will be available for **FREE!**

Weatherby asks that you pre-register now so that they know how many to print. Sign-up can be done through the Weatherby website. Click here: <https://weatherby.com/brand-catalog-signup/>.

As of the time of this printing, I don't have a specific date when Weatherby will be releasing this limited-edition journal.

Don't miss out on this great opportunity! Reserve your copy today!

Banquet Planner

It's never too early to start planning for future banquets — and you can help decide where they will be held. If you would like to recommend a location for a future banquet, fill in the form below, and send it to the WCA at the address on the front page. It will be considered by the Board of Directors at the next annual meeting.

Other events/attractions during same dates (e.g., gun shows, conventions, etc.).

Member's Choice — Charitable donation

At the membership meeting each year prior to the annual banquet, member's have the opportunity to recommend an organization to receive a WCA donation, to help their efforts. Currently, the amount is \$500. It does not have to be a national organization—just one that you feel is worthy of financial help. To be consistent with the purpose of the WCA, it should be firearms or hunting related, and should be an organization that will spend the great majority (or all—) of the money on the charitable effort, rather than on “overhead” — administration, advertising, etc... So we encourage you to do research to find out what percentage of the money will actually be spent on the stated purpose or mission of that organization. Also, check to see if they are a registered non-profit and/or charitable 501(C) organization. The internet can provide most or all of that information. Use this form, or send in your own letter to the WCA Secretary.

Collector's Corner

NEWS BULLET-IN

As you all know we've been looking to "clean-up" the Collector's Corner. With approval from the Board, the Editor has simplified this classified section with only 2 basic rules. These will be implemented starting next issue.

- 1. Ads are free for 3 issues out of the 6 annual issues. If you want your ad to run longer, a fee will be charged. Contact the editor for more info.**
- 2. Ads are limited to 5 lines of text. If you need more space, a fee will be charged. Contact the editor for more info.**

If someone wants to entertain the possibility of a 1/4, 1/2, or full page ad, please contact the editor and we can try to work something out for a fee.

Once your ad runs for the 3rd issue, it will be removed. If you want it removed sooner to retain "space" for another ad in the future, it's your responsibility to contact the editor. Changes need to be made well in advance.
